Tulsa Community College: Pending Grants

DOL Strengthening Community Colleges Training Grants				
Funding Agency	TCC Department and Lead	Description and Impact	Projected TCC Award	Award Period
U.S. Department of Labor	Workforce Development / Dual Credit Lissa Steadley	<ul style="list-style-type: none"> After performing a gap analysis, this program will seek to raise the number of economically disadvantaged, Black, Latino, and female students in Manufacturing Engineering Technology TCC partnered with the Oklahoma Manufacturing Alliance and Green Country Workforce to propose expanding the Earn a Degree, Graduate Early (EDGE) Program and seek out paid work-based learning experiences for TPS juniors and seniors in EDGE Project includes a new Dual Credit Student Support Specialist, costs of instruction for new daytime Engineering Technology courses, and funding for student supports (including transportation assistance, testing and licensure funding, and funding used to pay students in work-based learning experiences) After being declined for funding in September 2022, TCC made necessary adjustments and submitted for reconsideration in SCC3 in October 2022. 	\$1,600,000	2/1/2023 - 1/31/2027

Tulsa Community College: Possible Future Grants

DOJ Community Policing Development - Supporting Law Enforcement Agencies in Seeking Accreditation				
Funding Agency	Area of Focus	Description and Impact	Projected TCC Award	Award Period
U.S. Department of Justice	Public Safety	<ul style="list-style-type: none"> COPS Accreditation will fund the salary and benefits of a part-time accreditation manager to guide TCC Police through the Oklahoma Association of Chiefs of Police Law Enforcement Accreditation Program Changes in policy and training processes will ensure that TCC PD's relationship with other law enforcement organizations will begin on common ground, as well as incorporate TCC's values and goals into police processes Accreditation will further hone TCC PD professionalism and reputation, especially with regard to community policing Previous grant focused on achieving certification status, and this grant would focus on accreditation status with the Oklahoma Association of Chiefs of Police 	\$160,000	Anticipated June 2023

ED				
Child Care Access Means Parents in School Program (CCAMPIS)				
Funding Agency	Area of Focus	Description and Impact	Projected TCC Award	Award Period
U.S. Department of Education/Office of Postsecondary Education	Student-Centered Services	<ul style="list-style-type: none"> • CCAMPIS supports the participation of low-income parents in postsecondary education through provision of campus-based child care services • Projects must leverage existing resources and utilize a sliding fee scale for child care services to support a high number of low-income parents pursuing education at the institution • The child care service provider may be either owned by the institution or contracted to outsourced accredited child care centers 	\$2,344,300	4-year grant. Possible competition in 2023, depending on federal appropriations
TRIO Talent Search				
U.S. Department of Education	Student Outreach and Readiness	<ul style="list-style-type: none"> • Talent Search targets low income and potential first generation college students currently in middle and high school and provides academic, career, and financial counseling to encourage them to graduate from high school and continue on to and complete postsecondary education • Local middle and high schools are selected for partnership based on their student pool and willingness to participate • TCC's 2021 application was competitively scored and may be selected for inclusion if the Dept. of Ed. elects to fund more programs with a potential funding increase 	\$1,386,875	5-year grant. Next competition anticipated Winter 2025.
TRIO Upward Bound				
U.S. Department of Education	Diversity, Equity and Inclusion	<ul style="list-style-type: none"> • Designed to strengthen academic and college readiness skills in participating high school students with a goal of having students pursue postsecondary degrees • TCC partnered with Memorial and East Central Tulsa High Schools to serve 60 students • Project includes summer bridge programs, year-round counseling and advisement, faculty mentoring, etc. • TCC's 2022 application was competitively scored and may be selected for inclusion if the Dept. of Ed. elects to fund more programs with a potential funding increase 	\$1,437,685	5-year grant. Next competition anticipated Winter 2026.
NEH				
Humanities Connections				
Funding Agency	Area of Focus	Description and Impact	Projected TCC Award	Award Period
National Endowment for the Humanities	Liberal Arts	<ul style="list-style-type: none"> • Program supports curricular innovations that foster productive partnerships among humanities faculty and their counterparts in the social and natural sciences and in pre-service or professional programs • Successful projects integrate humanities subject matter into two or more non-humanities disciplines • Proposals must include faculty from two or more separate departments or schools 	\$100,000	1 to 3-year grant. Annual RFP due in early fall
NSF				
Advanced Technological Education (ATE)				
Funding Agency	Area of Focus	Description and Impact	Projected TCC Award	Award Period
National Science Foundation	Electronics / Engineering Technology	<ul style="list-style-type: none"> • The ATE program focuses on high-technology technician education at 2-year colleges. • Local and regional employers should be committed partners and the program should provide a larger pool of skilled technicians • Possible activities might include: new materials or courses; innovative lab/field/work-based experiences; use of modern technology and instrumentation; integrating industry standards and workplace competencies; support for recruitment, retention, and completion; and internship, apprenticeship, or research experiences • This application would transition TCC from a Small Project New to ATE to a full ATE Project 	\$650,000	3-year grant. Anticipated due in 10/2023

Advancing Innovation and Impact in Undergraduate STEM Education at Two-year Institutions of Higher Education

National Science Foundation	STEM	<ul style="list-style-type: none"> • This program is a targeted approach for advancing innovative and evidence-based practices in undergraduate STEM education at two-year colleges • It also seeks to support systemic approaches to advance inclusive and equitable STEM education practices • Projects may range from small, exploratory investigations to large, comprehensive projects with budgets commensurate with the scope and scale of the proposed work and level of effort 	Variable	Varies by scope. Proposals accepted at any time, but those submitted before May 28th would be considered the following fiscal year.
-----------------------------	------	--	----------	---

Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM)

National Science Foundation	STEM	<ul style="list-style-type: none"> • The S-STEM program provides scholarships to low-income, academically talented students. TCC had a previous S-STEM grant several years ago at a lower funding level • This track would fund projects designed to increase STEM retention, student success, and graduation • Participating students would be expected to attain a STEM degree, enter the workforce in STEM, or transfer to a baccalaureate degree program 	\$1,500,000	6-year grant. Anticipated annually in spring
