University Transfer Degree Information:
Students should work closely with an academic advisor each semester to make certain you are enrolled in the correct courses for your degree program, especially if you are planning to transfer to a four-year college or university. Students are encouraged to begin a dialogue with their intended transfer schools as early as possible. Early coordination between TCC academic advisors and advisors from selected four-year institutions can streamline the transfer process. It is the student’s responsibility to ensure that he/she understands the program/admission/transfer requirements for the transfer school.

Program Description:
To function in a particular society or in an international setting, it is crucial to gain an accurate historical understanding of a present situation or past event through the study of history. The study of history involves verifying events and ideas, exploring the causes and effects of events and ideas, reconciling various interpretations of them, and making informed judgments about how to utilize differing views to assert a conclusion. In addition, it is essential that the historical reasoning process be expressed in a clear and effective style of written communication.
