TCC2UNIVERSITY

Every journey begins with a first step. The steps outlined below will help you design a personal plan from TCC to your bachelor's degree. Use this checklist to track your successful transfer to your chosen university.

Before You Begin at TCC		
<input type="checkbox"/>	Choose a Path	Meet with Career Services to explore careers that connect to your interests
Semester One at TCC		
<input type="checkbox"/>	Make a Plan	Meet with an Academic Advisor to make an academic plan
<input type="checkbox"/>	Start Your Research	Begin to check out transfer options and learn more about university majors and programs that connect to your career interests
Three Semesters Before You Plan to Transfer		
<input type="checkbox"/>	Continue Your Research	Meet with university representatives and attend transfer events to learn more about what school is the right fit for you - A Transfer Research Worksheet is available at TulsaCC.edu/Transfer under Transfer Planning
<input type="checkbox"/>	Connect with Faculty	Talk with faculty members in your major about your field of study. They are experts!
Two Semesters Before You Plan to Transfer		
<input type="checkbox"/>	Time to Apply	Don't wait! Apply to your chosen transfer university or universities and apply for scholarships
<input type="checkbox"/>	Renew your FAFSA and Review Your Financial Aid Information	The Free Application for Federal Student Aid (FAFSA) opens Oct 1. Be sure to apply early and list TCC and your transfer university. Need help? Contact the financial aid office.
<input type="checkbox"/>	Make Sure You're on Track	Meet with your TCC advisor and an advisor from your transfer university
Final Semester at TCC		
<input type="checkbox"/>	Enroll at Your Transfer University	Meet with your university advisor to make a plan to finish your bachelor's degree
<input type="checkbox"/>	File for Graduation at TCC	Congratulations! Your academic advisor can help you file for graduation
<input type="checkbox"/>	Submit Your Official Transcripts	Submit official transcript to your transfer university
Semester One at Your University		
<input type="checkbox"/>	Attend New Student Orientation	Learn more about campus life and involvement
<input type="checkbox"/>	Remember	You will always be a part of the TCC family! We are here for you.

BEFORE YOU BEGIN AT TCC

Choose a Path: Your first step on the path to a bachelor's degree is choosing an academic program and career of interest. Our Career Services Office has career planning and assessment tools available to help you.

- > Career Services ([TulsaCC.edu/Careers](https://tulsa.cc.edu/Careers))
- > Explore Bachelor's Degree Pathways and Academic Programs ([TulsaCC.edu/Transfer](https://tulsa.cc.edu/Transfer))

SEMESTER ONE AT TCC

Make a Plan: Now that you have chosen a path, it's time to make a plan to get you to your bachelor's degree. Talk with your academic advisor about options and which academic programs and universities you are interested in pursuing.

- > Academic Advising ([TulsaCC.edu/Advising](https://tulsa.cc.edu/Advising))

THREE SEMESTERS BEFORE YOU PLAN TO TRANSFER

Start your Research: Your first academic year is a great time to start researching your potential transfer university. We recommend exploring the academic program you are interested in, scholarships, application requirements, and student life. Check out the TCC Transfer Center schedule to meet with a representative from your prospective university and use the Transfer Research Worksheet to keep track of details. ([TulsaCC.edu/TransferCenter](https://tulsa.cc.edu/TransferCenter))

Connect with a TCC Faculty Member: Faculty members in your major can provide expert advice about programs of study in your field.

TWO SEMESTERS BEFORE YOU PLAN TO TRANSFER

Time to Apply: Deadlines can vary by program, typically two semesters before you are planning to transfer is when you will need to prepare and submit your application.

Research Scholarship Opportunities: Scholarship applications may also be due during this time. Get help with application or essay questions from a TCC tutor at the Writing Center. Career Services is a great resource for scholarship and admission interview practice!

Renew your FAFSA and Review Your Financial Aid Information: The FAFSA opens October 1 each year for the following academic year. This is an important step in preparing for transfer to your next institution and will help you know your overall costs early. The financial aid office at your transfer university can help you with this process and moving your aid.

Make Sure You're on Track: Meet with your TCC advisor and an advisor from your transfer university to verify your coursework is on track. Talk to these support resources early and often throughout your transfer planning!

FINAL SEMESTER AT TCC

Enroll at Your Transfer University: Choose classes and enroll at your university.

File for Graduation at TCC: Congratulations! You are ready to graduate with your TCC associate's degree. File for graduation with your TCC advisor and remember to submit your official transcript to your university.

SEMESTER ONE AT YOUR UNIVERSITY

Attend New Student Orientation: Attend a transfer student or new student orientation at your university to learn about the resources, programs, and student experiences available. Getting involved on your new campus is proven to contribute to student success!

Remember: You will always be a part of the TCC family!
