

TCC Occupational Therapy AAS

Catalog Year: 2022-23

This program is designed to prepare students to perform occupational therapy procedures and related tasks under the direction and supervision of a Registered Occupational Therapist. The Occupational Therapy Assistant performs various treatment procedures delegated by the Registered Occupational Therapist to patients with physical, psychological, or cognitive disabilities. The assistant also will work independently in programs to prevent disability and maintain health, such as Activity Director.

Additional Information

- An extensive criminal background check, including but not limited to a seven-year county of residence nationwide criminal history check, national sexual predator screening, Social Security check, and Medicare/Medicaid fraud screening is required by all clinical affiliates. All Health Science students participating in clinicals are required to complete these background checks, immunizations, and a drug screening test by the School of Health Science office deadline prior to the first clinical rotation. Any positive findings may be subject to review by the clinical affiliates and could prevent the student from completing clinical requirements
- Eligible students will be granted an interview with OT admissions committee.
- Qualified students are ranked based on admission requirements and notified by TCC email.
- Student must be able to travel to both local and distant clinical sites, if accepted
- Program Director Penny Stack, OTD, OTR/L, CLT 918-595-8596 penny.stack@tulsacc.edu
